## *A message to our community,*

We hope that during all these days... weeks... months of sheltered-in and shuttered-down pandemic living you have had time to contemplate and assess, as has the whole world, the concepts of essential and nonessential. And we hope you have come to the conclusion that libraries ARE essential. And now that we are officially back to serve you, albeit in a limited capacity for the (hopefully) short-term, we invite you to browse this newsletter with receptive eyes. Yes, things are much different but we hope we offer you exciting options to make your summer memorable. Try a virtual workshop/class/program. Set up a curbside appointment to receive new, or old, material. Remember, we are only a phone call away and here to help.

*~ Deer Park Public Library Board of Trustees*
