We are saddened to announce the resignation of **Dorothy (Dottie) Weissgerber from the Library Board of Trustees.** She was elected to the Board in April 2005, serving over 17 years. Dottie most recently served as vice president of the Library Board of Trustees. She has served the Board in various roles, including as President of the Board from September 2006 through August 2015 resuming the position September 2016 through August 2017. Prior to her term on the Library Board of Trustees, Dottie served as a member of the Board of Education for the Deer Park School District. She has led a life filled with over 50 years of service to the Deer Park community.

Born and raised in Deer Park, Dottie and her family, the Fry family, are part of the living history of the Deer Park community. Dottie saw the Library built in 1966. She raised her family two blocks from the Library on East 7th Street. She recalls when the property was an empty lot. Her children grew up in the Library. The Library was her heart. She recalls when she was running for election, her grandson helped her campaign, proudly telling neighbors, "Vote for my grandma!"

Dottie is a champion of library services and a proponent of the library playing an active role in the community. Throughout her many accomplishments, she values outreach to ensure the community is aware of who we are and what we do. She is responsible for the purchase of the tent emblazoned with the Library name and logo ensuring that we are highly visible at community events. This is emblematic of her philosophy of library service. In addition, her input was critical in bringing security services to the library to ensure the library remains a safe and welcoming environment.

Her love for the Deer Park community is exemplified by her lifetime of service to our community. We wish her the best as she retires from her position on the board to be closer with her family. Dottie is confident she is leaving the library in good hands with our current Board with a vision toward the future and growth.
